

IAN WILLIAMS

Role: Physics
Undergraduate

Final Student Year:
2018

“Question Everything!”

I and went on to study A-Levels at Merthyr College in maths, further maths, physics, and computer science. While studying at the college I worked part-time at Vue Cinemas and applied to and won academic scholarships for summer opportunities in the space sector. At college I achieved 4 A* grades and now study a masters in Physics at the University of Bath.

My experience at Cyfarthfa High School: “My career path was strongly influenced by the outstanding STEM teachers at Cyfarthfa High School. These teachers instilled in me the desire to pursue science and mathematics further in later life.”
