

Monday 6<sup>th</sup> March 2023

Dear Parent/Carer and Student,

As we are now fast approaching the examination period we would like to offer some subject based provision for Year 10 and 11 students ahead of exams scheduled for the summer term. The sessions below have been offered and scheduled based on staff availability during the holiday periods and requirements for the course. Please see the timetable below for session subject and specific times and dates.

Students will be required to bring snacks, packed lunch and drinks in as there will be no canteen provision open. Uniform is not required to be worn and we kindly ask all students sign in at reception on arrival and sign out when departing for health and safety reasons. Students are also requested not to walk the building and only access the classrooms required as per the timetable below. We have contractors in school during the holidays and therefore have identified these rooms to be used to avoid all building work.

If your child is planning to attend a session during Easter holidays, please can you register their name and session following the link or QR code below. This will give us an indication of attendance to the planned sessions.

We are delighted to be able to offer this additional provision during the holiday period and would like to encourage students to attend for additional support. Please see below initial plans for holiday provision for the next three schools holidays. Updates will be shared prior to each holiday as they are subject to change.

Yours sincerely,

Mrs D Lewis  
Assistant Headteacher
